Neck Cooling Tube

1.Be ready for a hot summer with innovative materials originally developed for NASA to keep you staying cool. This PCM gel freezes faster and lasts longer than water! (Only 10 minutes in iced water and 20 minutes in freezer, or AC air!)

2.No battery needed! No charger needed! Freezing starts ANYWHERE below 18°C (64°F). Simply place this neck cooling tube into iced water. No ice around you? No worries! It freezes using any AC! Car AC, Office AC, Home AC, ice box, refrigerator, freezer.

3.Enjoy cool time for 40 minutes up to 2 hours. Cold holding time varies depending on the external environment. No risks of skin necrosis or frostbite through cooling by maintaining an optimal cooling temperature.

4.100% German made brand new coolant with NO condensation phenomenon! (dry and cool)! TPU fabric with strong sewing made in China doesn't allow tearing or breaking!

Disposable Heat Patch

INTENDED USE:

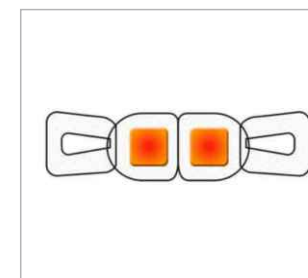

oProvides advanced heat therapy for temporary relief of minor muscular and joint aches and pains associated with overexertion, strains, sprains and arthritis, period pain.
oKeep away from cold.

MAIN FEATURES:

1. Providing smooth heating to promote blood circulation, relieving minor aches. It's disposable and easy to provide relief of minor muscular and joint aches and pains. It will gradually get warm and last for at least 8 hours.
2. Using heat patch is the most convenient and safest way to provide skin-touching continuous and stable warm. It is portable and has great effect in preventing from frostbite in winter. Just one single piece can resist full day's cold.

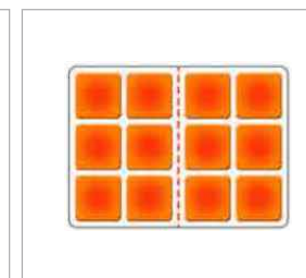

INSTRUCTION:

Open the outer pouch and take off the peeling paper when ray to use, leaving the internal pack to react with air. Place on pain area with adhesive against the skin or underwear. The temperature range is generally : 39-43 °C/43-48 °C/50-55 °C/50-60 C/52-63 C/58-70 (When the weight is the same, the higher the temperature, the shorter the heating time; at the same temperature, the heavier the weight, the longer the heating time.)
OEM is available. We can customize product size, shape, heating time, we have a strict quality management system as an experienced OEM.
